## ARE YOU PREPARED

FOR SUMMER?

Build a Verandah  
or a Summer Kitchen, the wife will  
appreciate that.

## THE WATER QUESTION ? ? ?

Why not buy a TANK or a Water Trough from us  
WE HAVE EVERYTHING YOU NEED IN BUILDING  
MATERIAL

**Atlas Lumber Co.**

## Do you need a New Plow?

If you want a good job of summer  
fallowing you must have a good plow

That means a John Deere

Mrs C. ROSENBERG

**The Pioneer Dray Line**

Specialists in prompt and  
efficient transportation.

T. T. Pick, Prop.

## Pearsonville

The anxious time in the year for  
the farmer is now on and with  
longing eyes we have been looking  
for the much talked of rain. Some  
of the wheat in the district is col-  
ling in head and only a few inches  
high, while the later sowing looks  
good considering the extreme hot  
weather. Our wait has not been  
in vain as on Sunday afternoon the  
clouds did not fool us for it rained  
for five hours steady. This will do  
wonders and will bring our hopes  
back to normal.

Several of our local farmers have  
been called to join the colors,  
among whom are Otto Ehrnreich,  
M. Ehrnreich, Dave Lockhart and  
E. Cleave. All these men are good  
farmers and it is hard to part with  
them.

A. A. Stewart reports the Ford  
tractor doing good work. He says  
that it is lots of fun to ride the  
plows going as three miles an hour  
with plenty of rocks in the way.

Wm. Weir has gone to B. C. to  
look into the mining of coal which  
he has interest in.

Have you had the whooping  
cough? If not, it is your turn next,  
as almost every young person in  
the district is whooping to beat the  
band.

The dry hot weather has brought  
out several rattlers. Almost every  
day someone will report killing one.  
It will pay to watch where you  
place your feet.

F. McCaully is still enjoying  
leave of absence with his family  
after eighteen months in the  
trenches.

The Red Cross Branch has been  
very busy the last month. A con-  
cert had been arranged but owing  
to sickness in the district they  
postponed it until July 11th in the  
Kirk-McKinnon school. The enter-  
tainment for the evening will be  
all Medicine Hat people and a good  
evening will be spent.

Subscribe to the News.

On July 1st the Red Cross branch  
will hold their picnic at the river.  
Take the trail that goes round Mr.  
Bartlett's corner. Speakers of great  
fame will be there; sports of all  
kinds, also plenty of cool drinks,  
etc. Command enjoy the day with  
the Red Cross workers.

Wm Scollard will report at the  
hospital in the Hat for an operation  
next week.

A. Piehl has his house under  
way and will soon be enjoying  
more room to turn round in.

Wm. McKinnon, who is the hos-  
pital is improving slowly.

U. F. A. had a successful meeting  
last Thursday night. Look out for  
the big farmers picnic in the near  
future.

Kirk-McKinnon school will open  
July 15th, the teacher will be Miss  
A. Pyles, of the Pearsonville school.  
We must congratulate the school  
board on their fine building and  
the securing a good teacher.

The grading of the road from J.  
W. Clarkson's corner to Alderson  
will commence at once. The con-  
tract was let last week for part of  
the grade.

Those who have stray cattle and  
horses ranging north of the ditch  
had better take care of them or  
they will have to pay for their keep  
for a few days.

Church service will be held in  
the Kirk-McKinnon school July 7th  
and every two weeks after that date.  
Rev. Steele, of Alderson, will be  
the speaker.

Thanks to the Sullfield council  
for having the dump ground south  
of town cleaned. May it ever keep  
so.

## NOTICE

Owners of chickens and  
other livestock must keep  
same from running at large.  
The Pound Law will be en-  
forced where it is disregarded.  
Alderson Village Council.

## Red Cross Notes

CONDUCTED BY MRS. E. C. HAY.

Remember the concert and dance  
at McDiarmid's hall on Friday eve-  
ning. Half of the proceeds will  
go to Red Cross.

Owing to Mrs McEwen going to  
Medicine Hat the work is being  
taken care of by Mrs Irvine, and  
those wishing material please apply  
at the residence.

The sale of flowers by the school  
children, under the direction of  
the Misses Sellen and Seymour, was a  
very successful undertaking. The  
splendid sum of \$23.80 was turned  
into the Red Cross.

The homemade cooking sale net-  
ted the society \$31.50. The thanks  
of the society are due Johnson Bros  
for the use of the hall. To all the  
ladies who helped to make the  
affair the success that it was the  
society extends grateful thanks.

In reply to a petition that has  
been signed by most people here  
for a Provincial policeman to be  
located here, Mr Hall has received  
word that the Commission will take  
the matter up.

## Local News

Alderson Tennis Club are trying  
to make arrangement with Jenner  
to play a tournament on the 1st at  
their celebration. Nothing definite  
is done yet but the club expects to  
go.

There will be a baseball game  
and sports program at Fertile Flats  
school on Monday July 1st. Teams  
from Rainy Valley and Fertile will  
compete. Ice cream and lemonade  
will be served by the ladies of the  
Red Cross. Everybody welcome.

Mrs Brown and daughters Mary  
and Madeline, leave tomorrow for  
Banff for a vacation.

Rev Barrie is at Rochant this  
week assisting at dedication services  
of the Norwegian church build-  
ing there.

Rev Steele held a Memorial ser-  
vice for Robert Kirk and Robert  
McKinnon, who were killed in  
action about a year ago, at the  
Kirk-McKinnon schoolhouse. This  
is the new school recently built  
as the Hargrave school, the name  
being changed to honor the two  
boys who gave their lives for their  
country.

Fertile Flats school children, of  
which Mrs Dyvig is teacher, have  
raised \$10.35 for the Overseas To-  
bacco Fund.

Jim Buesard is putting on a big  
sale on the 4th. Look for bargains.

Faces are brighter this week and  
the old time optimism is shown in  
conversation. Salvation came to  
this district on Sunday with an  
eight hour rain. Two more showers  
since then has put the farmer in  
sight of a crop. It may not be the  
bumper that was hoped for but it  
is going to be a good one. Outside  
of very early grain, some of which  
began to head out, no great damage  
was done by the drought and now  
given Sunny Alberta weather you  
will "hear it grow."

The Norwegian Evangelical Free  
Church are to hold special services  
here on July 7th in the United  
Church at 2 p.m. and 7:30 p.m.  
Prof. Buge, of Minneapolis, will  
preach at both services. The even-  
ing service will be conducted in  
English. At the close of the after-  
noon service an organization in aid  
of the Red Cross and Relief of Ar-  
menians will be formed. This  
church has just donated the sum of  
\$10.40 to each of these societies.

Sam McNabb is back from Van-  
couver for a few days on business,  
which includes getting more break-  
ing done ready for next year.

Sixty-five bushels of No. 2 Feed  
oats at 70c per bushel. Alberta  
Pacific Grain Co.

Sydney Russell, of Alliance, is  
here visiting relatives and friends.

Mr and Mrs Sobie and Mrs Ro-  
senberg motored to Medicine Hat  
today.

Try a Want Ad.

## THE PIONEER STORE

—IS HERE TO STAY—

We have a full line of new Staple and Fancy  
Groceries which we will offer at very reason-  
able prices.

Dry Goods we will continue to dispose of at  
cheap prices.

Butter and Eggs taken in trade at highest market prices.

**THE PIONEER GENERAL STORE**

## Grand PATRIOTIC CONCERT

Under the Auspices of the Alderson Red Cross Society

Berg Ellinson  
with Artists from Medicine Hat

**McDIARMID'S HALL, ALDERSON**

Friday, June 28th, Commencing 8 p.m.

Admission 50c.

Dance after the Concert at which music will be supplied by the artists, and a  
charge made of 50 cents per couple. Extra lady 50 cents.

## You Look As You FEEL

You know well enough when your liver is loafing.

### CONSTIPATION is the first warning; then you begin to "feel mean all over."

Your nose gets the bad news. It grows dull, yellow, muddy and unhealthy.

Violent purgatives are not what you need—just the gentle help of this old-time standard remedy.

Small Pill, Small Dose, Small Price.

Caution: Beware of cheap imitations.

ABSENCE of Iron in the Blood is the reason for many colorless faces but

Why One U-Boat Was Captured

Came to the Surface Almost Under a British Trawler

Stories of British, French and American sea fighters in action were recently told in the Glasgow Herald in a summary of capture of a German U-boat, including a large number of officers in the three vessels.

D. Payne, the novelist, who has visited the warships under government authorization to prepare a book, "The Fighting Fleet."

"People talk of the invincibility of the grand fleet," he said, "but the grand fleet is composed of active."

It is not afloat of submarines. It has gone to sea again and again to answer alarms that the German fleet was coming out, and in the fleet there were officers and men in the fleet there was confidence that some day they will actually meet the Germans. I asked Admiral Beatty what would happen if the Germans did come out, and he answered cheerfully: "They were here—what?"

Mr. Payne told of a German ship having submarine which had settled in the bottom of a British harbor to discharge its mines, when, on the shelf of the boat there was heard a tapping which presently assumed the form of a message in the international code.

"Unless you come to the surface and surrender at once," said the message, "we will sink you."

"Unable to see how the message could have been sent to him, the commander insisted that there came another tapping."

"The bomb is being put into position," said the German came in the surface almost under a British trawler which, though taken by surprise, opened fire and forced the submarine to surrender after which there came up from the depths of the harbor a submarine which had been seen in the smoke wrecks had discovered the submarine and tipped the message over her hull with his hammer on the chance that there might be some sort of British ship at hand to take care of her when she reached the surface."

There was a hailship in the North Sea. Mr. Payne said that it was untouched by the agreement, since it was not considered as a submarine, but the British found it useful in their navigation and the German submarines, which it is a guide to them, came from north to south when coming out to sea. He discovered that the submarines had a regular system of signals without warning they moved the trawler half a mile and put it just half a mile ahead. The next day, German submarines were found in a line on the coast near the light."

He thought it the London exhibition of women's work in munition production, Frederick George Kellaway, the general secretary of the London exhibition of women's work in munition production, said that in every one of the different departments, the work on London is carried out in the most efficient manner.

The development which had taken place in women's work during the last 14 months, continued the secretary was quite as remarkable as its development at an earlier period of the war. In July, 1914, he stated, there were 220,000 women engaged in munition industries, while in January, 1917, that number had increased to 691,000, and today their number was 1,040,000, a steady stream of trained women was being sent into the munition factories from training schools at the rate of 500 a week. The ministry of munitions had started the schools, said the speaker, because 40,000 women had been placed in munition industries.

Minard's Liment Cures Gargle in the Mouth

Protecting Cattle Against Lightning

Many of the losses in cattle during the lightning have been caused by the lightning striking the cattle on the head.

Against a storm, As a protection against lightning, the American farm journal recommends the use of lightning rods on the head of the cattle.

To secure the best results the rods should be placed about 100 feet apart and spaced closely to the points of the horns.

Every one of the line fence posts should be so placed that they will be slightly above the fence posts on the side of the line fence.

And the fence posts should be so placed that they will be slightly above the fence posts on the side of the line fence.

### Civilian Army Behind Lines

Plan to Carry Out Engineering Work and Release U. S. Soldiers

Paratrooping plans for the organization in France of a civilian army to carry out engineering work behind the lines of the American soldiers for duty at the front.

There are many reasons for this. More than 10,000 French, Italian and American soldiers are engaged in the work of the front lines.

More than 10,000 French, Italian and American soldiers are engaged in the work of the front lines.

More than 10,000 French, Italian and American soldiers are engaged in the work of the front lines.
